Vision

RWK ELECTRICAL strives to be recognized as one of the leading electrical construction company in its core business of activities both within South Africa and abroad. Promoting, fostering and encouraging social development and skills development.

Mission

The vision of RWK Electrical drives the company towards the fulfilment of the mission, that of becoming a leader in the electrical construction industry that will succeed in the market place through the delivery of a quality service. The cornerstone of our existence is to develop a winning team that will understand the needs of the clients and generate new ideas to solving problems within the most cost effective and quality assured method. This would be achieved by optimizing the time, cost and quality aspects of any project.

R v/d Westhuizen

Ryno van der Westhuizen
CHIEF EXECUTIVE OFFICER
RWK ELECTRICAL

OHS | Environment

The safety of our workforce is the most important aspect of our business, no exception.

RWK Electrical aims to stay at the forefront of the industry and have adopted and developed HSE policies and management practices that sees the quality control of every task.

Our Safety systems are in accordance with OHS ACT and they are instilled into our employees ensuring that our work is completed with zero harm as our #1 priority.

We empower our people to: ZERO HARM

- Intervene when they witness any 'at-risk' behaviour
- Lead by example
- Identify and manage hazards associated with the activities for which they are responsible
- Courageously and honestly report all accidents and hazards
- Take the time to do things right; do the job safely or not at all – do not cut corners
